PAST EVENTS

The 1st Center Anniversary celebration held on July 23rd was a fun-filled evening for all. A Jashan started this exciting day, followed by a welcome by our President and an interesting talk by Silloo Mehta. The snacks were delicious and enjoyed by all, as were the games, face painting and cakewalk. The evening ended on a high note (literally!) with an enjoyable sing along/Karaoke hour. Our grateful thanks to all the donors, helpers and volunteers. An enjoyable **Movie Nite** was held for the screening of "Housefull" on July 30th. This was followed by a delicious biryani dinner enjoyed by all. The **Ladies Club** met on August 14th. Dr. Hilla Sadri gave a very informative talk on issues concerning teenagers and younger women. This was followed by Silloo Mehta's **Gathas and Navroze celebrations** which began with a talk on the significance of the Gathas by 5 youth members. This was followed by a delicious Parsi dinner.

Over 100 Parsis got together on Aug. 19th to celebrate the **Shehnshahi New Year**. A Jashan performed by 5 Mobeds led by Zarrir Bhandara started the evening off, followed by a short presentation by Silloo Mehta and some members of the community. The evening ended with everyone enjoying a traditional Dhundar-patyo dinner. It was wonderful to see the turnout, considering the fact that this was a weeknight event.

On September 3rd, ZAC's second annual **Sports Day** turned out to be a very successful event with a very good turnout of eager table tennis and carrom players, both young and old. It was really wonderful to see everyone join in and enjoy the game of "rounders". As usual, this event could not have taken place without participants, donors and volunteers. Our grateful thanks to our volunteers and everyone who donated cash gifts and food towards the event.

YOUTH SHOW RECAP by Persis Choksy

The Eight ZAC Youth Show was held on August 27, 2011 at the Golden West College Auditorium in Huntington Beach, CA. Over 300 people attended an almost packed performance. The show was a huge success and was enjoyed by everyone in the audience. Participants ranged in age from 3 years through senior citizens.

The acts showcased the talent of our youth and were very well received. The crowd was entertained by our dynamic MC's, Zuri Erani & Mehernosh Gundevia. The show included dances from hit Bollywood films, classical and pop music performances, musicals by our youngsters and the ever-popular ZAC choir led by Pervin & Maneck Chichgar. Our very own talented Nauzad Sadry entertained everyone with a medley of songs filmed on the late Shammi Kapoor. The ever-popular ZAC natak group once again entertained the audience with an award winning natak *Hoon Khoon Kari Besas* produced and directed by Arnawaz Dungore. Several individuals spent countless hours in rehearsals, ticket sales, advertising and various other administrative and backstage tasks to make this show a success. We would like to thank Vira and Burjor Santoke for ticket sales, Tehmi and Maneck Damania for marketing, brochure printing and assembly, Aban Kapadia and Anu Dungore for getting the advertisements for the brochure and the sponsorships, Zubin Khambatta for recording the show and providing us with DVDs. In addition, a big thank you to our stage manager, Roxanne Fitter for her invaluable assistance backstage. Special thanks to Sohrab & Banoo Irani for donating pizza for the participants, as well as for the tea. We would also like to thank all the participants and all the act coordinators who put in countless hours of practice, and to their parents for religiously driving them to the rehearsals.

APPEALS

An appeal from Mrs. Coomi Daruwalla of Rustom Baug, Mumbai, was received for the **Zoroastrian Winter Relief Fund**, which provides warm clothing and supplies to impoverished Parsis in India. Dozens of volunteers work tirelessly throughout the year to alleviate, in any way, the pressures of our needy brethren. All donations will be welcome and will go a long way towards making someone's life a little brighter and happier. Please make checks payable to ZAC and mail to Rooky Fitter, with a memo mention that it is for the Zoroastrian Winter Relief Fund.

New Darbe Meher: The Zoroastrians of Pennsylvania and New Jersey are in the process of building a Darbe Meher on a two-acre piece of land in the Delaware Valley, which was purchased recently by ZAPANJ. They are seeking help from the global community to finish the project. For more information or to donate, please contact Jehan Kasad: jkasad@yahoo.com or visit their website at www.zacuce.com.

MANTHRA PRAYERS (submitted by Silloo Mehta)

The self-sufficient do not pray, the self-satisfied will not pray, the self-righteous cannot pray (Leonard Havenhill)

Prayers are as essential for the mind and soul, as food for the body. They are a means of communicating with the divine. In Avesta, prayers are called Manthra Spenta. They also can be compared to a doctors' prescription to heal the illness of the soul.

Manthra prayers are structured and composed on the basis of Staota Yasna, the law of vibrations. When recited, they generate spiritual energy within us, which protects and sustains us. They also help us

resist temptations and bear the burdens of life. They alchemize the evil in us to good. In short, prayers infuse faith and devotion in us and facilitate our evolution and journey towards Ahura Mazda.

The number of Yatha and Ashem to be recited if you cannot read from the prayer book

Any Geh: 65 Yatha

Khurshed Niyaesh: 103 Yatha

Meher, Mah Bokhtar, Avan or Atash Niyaesh: 65 Yatha

Patet Pashemani: 121 Yatha, 12 Ashem

Hormazd Yasht: 103 Yatha, 12 Ashem

Ardibehest Yasht: 65 Yatha

Sarosh Yasht Hadokht: 75 Yatha

Sarosh Yasht Vadi: 103 Yatha

Afringan: 121Yatha, 12 Ashem

Avesta Manthra like a coin, has 2 facets – Manthra and Mithra. Manthra is the vibration caused by the recitation. Mithra is the thought force woven into the prayer. The recitation of the words (Manthra) produces beautiful beneficiary effects. When accompanied by the corresponding thought-force (Mithra), the effect of the manthra-recitation is increased manifold.
